

Town of North Greenbush Summer Camp

Week 6 Newsletter, 2026

This week at a glance...

And with that, another season of the Town of North Greenbush Summer Camp comes to a close!

This week, our campers played with some giant Jenga blocks, before heading to Zoom Flume Water Park on Tuesday for some fun water slides, raging rivers, and wave pools!

On Wednesday, we had a reptile expert give all of the camp an amazing show full of bullfrogs, snakes, and bearded lizards! Some of the campers and staff even got to hold the critters! It was a blast

learning about all kinds of cold-blooded creatures!

On Thursday, our campers got to tie dye clothes of their own! Everyone made stunning creations with all sorts of vibrant colors!

Finally, on Friday, we celebrated our final day of camp with Ice Cream Sundaes courtesy of Stewart's Shops! We're sad to see everyone go, but happy we had a great summer and we look forward to next year!

Wrapping Things Up...

We had a great time with everyone's campers this year and we're so glad you all could join us for a summer here at Snyder's Lake! With our recent facility renovations and continuing work by town employees, we've been able to make the park a wonderful place to spend time, play, swim, and make friends for all who attend. We've had the benefit of a building with central air and a roof over our heads to beat the heat or stay out of inclement weather (we even had to close one day for the rain!!), but we couldn't be a summer camp without our pavilion, fields, playground, courts, beach, and of course, our fantastic summer staff that make it all possible. Thank you for all of your support this summer and to both our camp and town beach staff for all of their help over the past few weeks. We hope everyone enjoys the rest of their summers and that Back-to-School goes smoothly for all! We hope to see you next year!

As Always, please contact us with any questions!
